TERMINAL DISCLAIMER

OFFICE OF PETITIONS
DEPUTY A/C PATENTS

The Texas A&M University System, the owner of all right, title and interest in and to the above patent application and U.S. patent number 5,818,583 ("the '583 patent"), hereby disclaims, under the provisions of 37 C.F.R. § 1.321, the terminal part of any patent granted on the above-identified patent application which would extend beyond the expiration date of the '583 patent.

Applicant also hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period that the legal title to said patent

shall be the same as the legal title to the '583 patent, this agreement to run with any patent granted on the above-identified patent application and to be binding upon the grantee, their successors and assigns.

In making the above disclaimer, applicant does not disclaim the terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term, as defined in 35 U.S.C. §§154-156 and 173, of the '583 patent, as shortened by any terminal disclaimer filed prior to the patent grant, in the event that any such granted patent expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or is terminally disclaimed under 37 C.F.R. § 1.321, has all claims canceled by a reexamination certificate, is reissued or is in any manner terminated prior to the expiration of its full statutory term as shortened by any terminal disclaimer filed prior to its grant.

Please charge the \$110 fee for filing this terminal disclaimer and any other fees that may be due to Deposit Account No. 02-383.
